

華夏海灣塑膠股份有限公司
CHINA GENERAL PLASTICS CORPORATION

VERDA GREEN-Leather

Product Code

CTNG

Thickness

0.8mm - 4.0mm

Applications

Shoe Lining 、 Furniture

Characteristics

1. TPE elastic material, calander process, good processing characteristics(softness according to necessity to adjust, printable, can be sewn, high frequency welding and hot stamping process).
2. Superior high elongation, abrasion and tear resistance.
3. Good antibacterial effect.
4. Impact, cold and winding resistance.
5. No plasticizer and heavy metal.
6. Complying with RoHS and REACH regulations.

Shoe Lining

the “ Green Leather”

a new, revolutionary product from CGPC

Applications	Sneakers substrate material
Characteristics	High-powered foam, good elasticity, high frequency can be combined with a variety of materials

Furniture

the “ Green Leather”

a new, revolutionary product from CGPC

Applications	Furniture
Characteristics	Good abrasion resistance
